

Customized Training Solutions

Looking for specific training, but not sure what to choose? Let us design a customized training solution that fits your needs. These solutions may include instructor-led online courses, self-paced online classes, seminars, certificates and more. Choose which areas of the bank you would like the training to cover and if there are any specific requirements.

Compliance

For new and experienced professionals to stay up-to-date on the latest regulatory issues.

Commercial Banking

Training on agricultural lending, business banking, small business, commercial lending, loan structuring and more.

Human Resources

Information regarding the latest in training, employment regulation and more.

Leadership

Help develop new leaders within your organization and encourage employees to take on new challenges.

Marketing & Communications

Training for marketing and communications professionals focusing on preparing them to communicate for the bank.

Technology

Develop skills and stay up-to-date on issues and emerging trends in cybersecurity, fintech and more.

Retail Banking

Training for those working in the retail sector of the bank, can include leadership, business development and more.

Risk Management

Providing risk management training for all areas of the bank.

Wealth Management

Training to strength and deepen client relationships, build portfolios and can include trust related training.
