

Legislative Ambassadors

One thing we know is that our elected officials like to hear from their constituents and subject matter experts. You can make a difference in our industry by becoming a **WBA Legislative Ambassador**.

By becoming a **Legislative Ambassador**, a sub-committee of our Emerging Leaders Committee, you will develop, maintain, and build personal relationships with state and federal lawmakers, while creating an effective communications link to ensure that Washington bankers are heard in both Olympia and Washington D.C.

As an Ambassador you'll receive:

- Invites to quarterly meetings on legislative issues, including special guest speakers
- **WBA's Legislative Update**, a weekly e-newsletter highlighting issues during the Legislative Session
- Invitations to WBA Advocacy events
- Critical action alerts

You'll serve as a personal contact with an elected official when our industry needs action. We'll provide action alerts when our issues are under discussion or up for a vote, along with suggested talking points and background information.

Joins us in advocating for the industry today!
