2019 SPONSORSHIP GUIDE

The Washington Bankers Association offers several annual conferences and events addressing the needs of diverse banking audiences. Washington state bankers look forward to these conferences each year when they are able to combine education and training with the networking opportunities to share ideas with their peers. Many come back year after year.

We design our conferences to promote interaction between bankers and sponsors. Evaluations from past conferences show that our bankers are more willing to purchase products from companies which support WBA conferences, and appreciate the chance to meet and speak with vendors upfront, so when a need arises, they already have a contact.

Benefits of Sponsorship

This is a rewarding way to make your company stand out from the crowd. You'll have greater visibility than your competition, position yourself as a leader in the industry, and build brand awareness among conference attendees.

We'll make sure your name is out there early and often. You will also receive the following exposure to potential customers:

- Sponsor name included in both the event brochure and final schedule for the conference
- Sponsor ribbons provided for your on-site staff so your contribution to the conference is visible to all attendees
- Sponsors receive special signage at the sponsored event for added name recognition and brand building
- A special insert provided in attendee materials includes company logo, contact information, a brief company description, and the onsite contact including their email address
- Complimentary conference registration (varies by sponsorship level)
- A full roster of conference attendees
- Sponsor name listed in WBA's magazine, *Issues and Answers*

Other benefits:

- Face-to-face buyer contact that is much more cost effective than individual business sales calls
- The chance to check out the competition, observe their products, pricing and marketing practices
- Learn about the issues confronting today's financial service leaders and gain insight into potential solutions
- Shape or reinforce a positive perception of your company with Washington's bank executives
- Great venue for entering a new market or new territory for your products
